Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting the Appropriations Committee provide a funding level of \$4,537,500.00 for Minburn Water System Improvements in Minburn, Iowa in Fiscal Year 2024 as a community project funding request. The intended recipient is the City of Minburn located at 315 Baker Street, PO Box 213, Minburn, IA 50167. This project is a valuable use of taxpayer funds because once completed it will ensure that residents have acceptable water pressure levels at their homes and/or businesses. This project will also provide better fire flow throughout the community. Additionally, this project will open the door for economic development opportunities within Minburn. This project will allow for new residents and business owners to build within the community, something they currently aren't able to accommodate.

This project has a Federal nexus because the funding provided is for purposes authorized by Section 306 of the Consolidated Farm and Rural Development Act, 7 U.S. Code section 1926(a)(2).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Zach Nunn
